TOTAL OF ALL DONATED GOODS

*NOTES: It is recommended that you take a picture of the donated items. The valuation ranges above were obtained from the Salvation Army website (www.salvationarmyusa.org) and are presented only as general guidelines. Other charities also provide valuation guides, such as the Goodwill Industries website (www.goodwill.org). A charitable deduction for noncash items typically is the fair market value (FMV) of the goods donated. It is the taxpayer's responsibility to document the FMV of each item donated. The FMV of used household goods, clothing and other personal items is usually much less than the original cost of the items and dependent upon the condition and usefulness of the items being donated. Please attach statements from the charities in which you donated.
